

### Domäne Serrig - A private Estate

- Historically a Prussian state vineyard, nestled in Serrig, Saar

### Kabinett - off-dry

- Harvesting: Hand-Harvest in early October, ensuring that only 100% healthy grapes were selected.
- Processing: Grapes were gently pressed and underwent a brief maceration phase.
- Fermentation: Slow and cool spontaneous fermentation.
- Aging: Matured on the lees for 10 months within stainless-steel tanks, followed by an additional two years of bottle aging.

### Location

- Size: Approximately 25 ha, exclusively owned (monopole).
- Topography: Situated on steep slate slopes facing south-southwest, with inclines reaching up to 105%.
- Climate: The region's cool microclimate allows for an exceptionally prolonged ripening period, yielding wines with a moderate alcohol content

### Specifics

- Grape Variety: Riesling
- Alcohol: 10,5 % abv.

### Serving recommendations:

- To fully savour the intricacies of our *Kabinett*, serve it at a chilled 9°C, ideally in a voluminous glass, such as Bordeaux style.

### Tasting notes

- The 2023 Vogelsang Kabinett opens with a strikingly pure and vibrant bouquet, combining crystalline fruit with smoky slate nuances and a distinctive mineral freshness. Aromas of white peach, citrus zest, and green apple are complemented by subtle notes of nettle, fresh herbs, and mint, all underpinned by the characteristic slate signature of the vineyard. Light-footed yet remarkably concentrated on the palate, this Kabinett achieves a rare balance between delicacy and intensity. The fruit is luminous and finely defined, while a pronounced saline and mineral core provides energy and precision throughout. The residual sweetness remains beautifully restrained, serving to enhance rather than dominate the wine's racy structure. The finish is exceptionally long, vibrant, and layered, carried by lingering slate-driven minerality, aromatic complexity, and mouthwatering salinity. Elegant, refined, and irresistibly charming, it already offers immense pleasure while possessing the structure and balance to evolve gracefully for many years.
